Dear DG Boyet,

We have been provided with a copy of a circular that was sent by you to the clubs in your district regarding the voting in the current DG election for 2011-2012.

The point that was raised by the club in relation to the qualification of members added since the 01 January 2009 SAR invoice does not appear to be consistent with RI Bylaws.

We would therefore appreciate your advice as to the outcome of the ballot count. It may preferable to wait to send an announcement to all the clubs with the election results, if this has not already been done, until we are able to consult further as it may be that a recommendation may be made for a recount of the ballot.

Regards
